INDEX TO VOLUME 67, 1991

Page numbers preceded by (L) refer to Letters, and by (MA) to Matters Arising.

ABSCESSES, PROSTATIC
Multiple, presenting with urethral discharge, 411
ACQUIRED IMMUNE DEFICIENCY SYNDROME (AIDS). *See also* HUMAN IMMUNODEFICIENCY VIRUS
Disseminated histoplasmosis treated with itraconazole, 342
Evidence for a change in behaviour among heterosexuals in Amsterdam, 199
Feedback from the Sixth International AIDS Conference, San Francisco 1990, 162
Feedback from the Seventh International AIDS Conference, Florence 1991, 503
Fournier's gangrene of scrotum, 339
Genitourinary medicine and the NHS Act: will contracting arrangements lead to contracted services? 10
Metastatic cerebral lymphoma, (*Clinico-pathological conference*) 284
Palliation: where do we draw the line? (*Editorial*) 85
Premature bullous pulmonary damage, (*Clinico-pathological conference*) 4
Trends in sexual behaviour and HIV testing among women presenting at a genitourinary medicine clinic, 194
ADLER MW. *See* BENTLEY C, 10
ADOLESCENTS
Chlamydia trachomatis in sexually active teenage girls. Factors related to genital chlamydial infection: A prospective study, 317
Sexuality: role of genitourinary medicine, 44
ADULT RESPIRATORY DISTRESS SYNDROME
Complicating *P carinii* pneumonia, (*Clinico-pathological conference*) 250
AFRICA. *See also individual countries*
Regional Conference (Seventh) on STD, 351
Southern: syphilis serology in patients with primary syphilis and non-treponemal STD, 129
AIDS. *See* ACQUIRED IMMUNE DEFICIENCY SYNDROME
ALAWATTEGAMA AB: Choosing equipment for colposcopy in genitourinary medicine, (MA) 74
ALAWATTEGAMA AB, HICKS D: Should training in colposcopy be obligatory in higher specialist training in genitourinary medicine? (L) 427
ALDERETE JF, NEWTON E, DENNIS C, ENGBRING J, NEALE KA: Vaginal antibody of patients with trichomoniasis is to a prominent surface immunogen of *Trichomonas vaginalis*, 220
ALDERETE JF, NEWTON E, DENNIS C, NEALE KA: Antibody in sera of patients infected with *Trichomonas vaginalis* is to trichomonad proteinases, 331
ALDERETE JF, NEWTON E, DENNIS C, NEALE KA: The vagina of women infected with *Trichomonas vaginalis* has numerous proteinases and antibody to trichomonad proteinases, 469
ALLASON-JONES E. *See* RIDGWAY GL, 268
ALLAY GEL
Treatment of genital herpes, (L) 431
AMSTERDAM
Evidence for a change in behaviour among heterosexuals under the influence of AIDS, 199
Gist-Brocades Travelling Fellowship, 1990, 425
ANCELLE-PARK R. *See* CHAN-CHEE C, 173
ANDERSON J, GEORGE RJD, WELLER IVD, LUCAS SB, MILLER RF: Complications of treatment for cryptosporidial diarrhoea, (*Clinico-pathological conference*) 156
ANAL INTERCOURSE
Risk factor for anal papillomavirus infection in women? 464
ANOGENITAL WARTS. *See* CONDYLOMATA ACUMINATA
ANUS. *See also* ANAL INTERCOURSE
Factors associated with clinical and sub-clinical HPV infection in homosexual men, 92
HPV infection: a comparative study of cytology, colposcopy and DNA hybridisation as methods of detection, 21
ARBORIO M. *See* LIND I, 107
ARUMAINAYAGAM JT. *See* BATTU V, 520
AYYAGIRI A. *See* KUMAR B, 47
AZNAR J. *See* RODRIGUEZ-PICHARDO A, 335

BACTERIA, ANAEROBIC
Isolation from bubo associated with chancroid, 47
BAKAYA V. *See* KUMAR B, 47
BAKKER M. *See* MULDER JW, 188
BALLARD RC. *See* SISCHY A, 129
BANKS A. *See* RUCK FE, 431
BAR-SHANY S. *See* SAMRA Z, 133
BARLOW D. *See* GILL S, 15
